The collection that creates news out of the past

21-1009 Deauville

Henredon's Provincial is an extensive collection of living room, dining room, and bedroom furniture that tastefully retains the charm of authenticity, but in modern terms. The designs are authentic, but scaled to today's homes and engineered to today's way of life.

In this collection Henredon offers you both the soft flowing line of Louis XV and the straightforward, more architectural look of Louis XVI. Notice how the magnificent carving and handsome brass fittings discreetly embellish the designs. If one word were to be used to describe this collection, it would have to be elegance.

Carefully selected genuine cherry is finished in a clear, rich, old fruitwood color . . . Deauville. Two optional painted finishes are also available: Stonebeige, a heavily distressed antiqued white trimmed with gold; and Oyster, a warmer white with accents of subtle blue-green.

Henredon's PROVINCIAL provides the ultimate in fine French furniture. Such furniture has previously been available only through small custom shops employing hand craftsmen. Truly this furniture represents "custom quality at practical prices."

The travertine-topped buffet at the left may grace your living room, dining room, or hall. Removable panels covered with an "off-white" grass cloth are furnished for the spindle doors. You may re-cover these, if you prefer, with any material that complements your decorating scheme, or remove the panels and reveal the smart almond color of the interior. Imagine this tall china cabinet in your foyer; let a pair flank an architectural feature, as an arch or window.

"Provincial" by Kenedon's 6-5-1970

These Louis XV bedroom designs capture the delicacy and gaiety of the period, but in modern terms. Notice the delicate carving, the romantic flowing lines, and the impressive brass fittings. Three finishes are available on all the Louis XV designs: Deauville, a rich, clear, old fruitwood finish; Stonebeige, a distressed off-white accented with gold; and Oyster, a warm off-white accented with subtle blue-green.

The restrained refinement of the Louis XVI period is offered in this bedroom furniture. Here, too, the excellence of Henredon craftsmanship is proudly displayed . . . in the intricate detail of the framed drawers . . . the delicate carving . . . and the masterful forming of the fine genuine cherry. These designs are available in both Deauville and Stonebeige.
